Floor & Wall Stickers

Circles

Our Social Distancing sticker range have an R9 anti-slip rating. We have two grades of sticker **Internal** and **External**.

Internal grade can be used on any smooth substrate e.g. tiles, laminate, vinyl, smooth concrete, painted concrete etc.

External grade has a super-tac glue on the base making it suitable to apply to any rough surface as long as it is clean and dry. If you are worried about application or durability please check out our **Stencil Range**.

Stencils & Floor Markings

Outdoor Ground/Floor Social Distancing Stencils – Using the many designs from our Stickers range we have developed Stencils that can be used to paint Social Distancing markings directly to slabs, concrete, tarmac, asphalt to remind ourselves and others to remain 2m apart while adjusting our behaviours to reduce the spread of COVID-19.

Design can be used to encourage customers to queue outside a store, shop or fast food outlet while a limited number are inside the premises.

Can't find what you are looking for?

We can design to your specifications just ask us!

Sneeze Guards Budget

Low Cost Countertop Sneeze Screen / Sneeze Guard Delivered in 48 hrs. Ideally suited to shops, pharmacies, chemists, fastfood outlets, etc. Create a more protective barrier between customers and staff with unrestricted personal contact.

Add an extra layer of protection for your customers and staff while implementing social distancing with our counter top freestanding windowed sneeze guards. Made from 4mm polypropolene (600mm wide x 900mm high) with a polycarbonate window (408mm x 394mm). The screen is provided with 2 interlocking feet (400mm wide x 184 high).

In the lower area of the sneeze screen / sneeze guard, we provide a recess in the screen to pass card teminals or documents through.

Fully erect in less than 30 seconds by sliding the two feet into the foot slots, when not in use you can breakdown and store flat packed.

Size:

600mm wide
900mm high
400mm deep

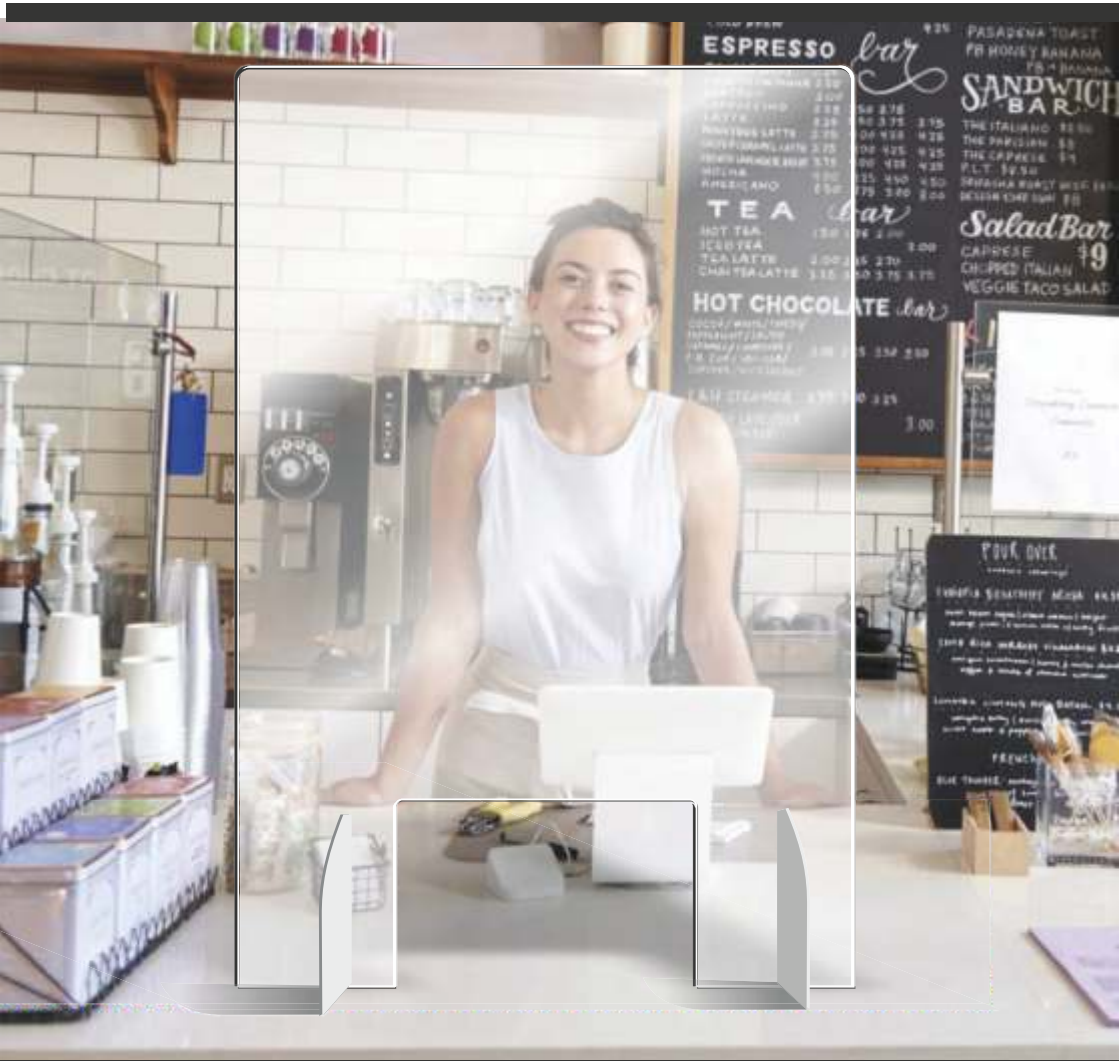
Recess Size:

400mm wide
180mm high

Sneeze Guards Acrylic (Perspex)

Need a bespoke size?

Call Us



Sneeze Guards Perspex

Add an extra layer of protection for your customers and staff while implementing social distancing with our counter top freestanding acrylic sneeze guards. Made from fully recyclable 5mm APET or 5mm Polycarbonate you can create a protective barrier between customers and staff with unrestricted personal contact.

In the lower area of the sneeze guard, we provide a recess in the screen to pass change or documents through.

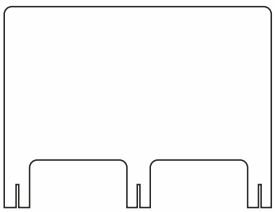
Fully erect in less than 30 seconds by sliding the two feet into the foot slots, when not in use you can breakdown and store flat packed. We do not heat treat edges meaning that you can clean with alcohol to remove an bacterial infections.

Size:

600mm or 1200mm wide
800mm high
300mm deep

Recess Size:

400mm wide
200mm high



Need a bespoke size?
